Application for the Provision of Expedited Engineering Services

Technical Standards and Safety Act
 Boilers and Pressure Vessels Safety Regulation

APPLICATION FOR THE PROVISION OF EXPEDITED ENGINEERING SERVICES

_____, _____, _____
 (Name of Applicant) (Company Name) (Date)

require expedited service for design registration of _____
 (Drawing Reference Number)

within _____.
 (Timeframe Requested)

I understand that the terms are as follows:

- TSSA will review the design on an expedited basis, TSSA cannot guarantee that the requested timeframe for registration will be met, because completion will depend on any questions arising during the review.
- TSSA, upon completion of the review, will either issue the registration number or if registration cannot be completed written reasons why the design registration cannot be completed will be provided.
- The price for the expedited service within ten business days is two times the regular rate per hour. This fee will be applied for reviews completed and responses provided within 10 business days of the request. If you require further information, you may contact Tanya Francis at 416-734-3423.

 (Signature of Applicant)

*Waiting time for client to respond to Design Reviewer's comments (if any) will be deducted in calculating the turnaround time.
