New or Major Alteration

Elevators - minimum fee ^{2a}	\$325	\$335	\$342
Construction hoists - minimum fee ^{2a}	\$305	\$314	\$320
Manlift, dumbwaiter, material lift, freight platform lift, or stage lift - minimum fee ^{2a}	\$260	\$268	\$273
Escalator, moving walk - minimum fee ^{2b}	\$360	\$371	\$378
Lift for persons with physical disabilities - minimum fee ^{2a}	\$210	\$216	\$220
New installation based on a filed standard design	50% of above		
Minor A alteration - minimum fee ^{2a, 5}	\$260	\$268	\$273
Minor B alteration - minimum fee ^{2c, 5}	\$68	\$70	\$71
Revision to a registered design ^{2d, 5}	\$130	\$134	\$137
Hourly engineering labour rate ⁶ - safety assessment, compliance verification, preliminary review, standard design review, variance review and all other engineering review time in excess of base hours	\$136/hr.	\$140/hr.	\$143/hr.
Customer priority service - rush - 5 working day engineering registration or response ^{3, 5}	2x Standard Fee	2x Standard Fee	2x Standard Fee
Customer priority service - super rush - 2 working day engineering registration or response ^{3, 5}	3x Standard Fee	3x Standard Fee	3x Standard Fee

Other Engineering Services ⁵

Filing of a standard design ⁴	\$500	\$515	\$525
Filing of a revision to a standard design ⁴	\$250	\$258	\$263
Issuing of a filing number for component designs, controllers or test reports	\$136/hr.	\$140/hr.	\$143/hr.
Installation number issued prior to registration	\$68	\$70	\$71

Engineering notes:

- 1 Minimum fee and hourly engineering rates are shown. Hourly rates billed in ¼ hour increments. Minimum review
- 2 Listed minimum fees include the following review times: 2a) 2.00 hours, 2b) 2.75 hours, 2c) 0.50 hour, and 2d) 1.00 hour. Submissions requiring excess review time over and above what is included in the minimum fee may be subject to additional hourly rate charges, billed in ¼ hour increments.
- 3 Customer priority service is a customer initiated escalation of a review of a design submission that advances the package to the front of the existing elevating and amusement devices work queue. Advancement in the work queue carries a charge of 2 or 3 times the base fee. Priority service aims to return a registration within the specified number of working days, however if additional information is required the priority service request will result in a TSSA engineering request for information letter. Customer priority service is accommodated only if processing queues allow. Associated fees are non-refundable if registration is not completed due to an incomplete/non-compliant design submission. Rush customer priority service requests of submissions that involve an elevator control system must reference a previously registered design or must include a controller design filing number. Super rush customer priority service requests of submissions that involve an elevator control system must include a controller design filing number.
- 4 Fee is in addition to the hourly safety assessment or compliance verification fees.
- 5 Fee applies to all elevating device types.
- 6 These review scopes are not available for customer priority service. A minimum two hour charge is applied to

Elevators

Flat charge - hydraulic or LULA (all drive types)	\$720	\$742	\$757
Flat charge - roped hydraulic	\$860	\$886	\$904
Flat charge - traction 0 - 15 floors	\$1,140	\$1,174	\$1,197
Flat charge - traction 16 - 30 floors	\$1,290	\$1,329	\$1,356
Flat charge - traction over 30 floors	\$1,430	\$1,473	\$1,502

Other Elevating Devices

Flat charge - Construction hoists	\$860	\$886	\$904
Flat charge - Escalator	\$850	\$876	\$894
Flat charge - Manlift	\$720	\$742	\$757
Flat charge - Moving walk	\$1,000	\$1,030	\$1,051
Flat charge - Stage lift	\$1,140	\$1,174	\$1,197
Flat charge - Dumbwaiter	\$570	\$587	\$599
Flat charge - Material lift / freight platform lift	\$640	\$659	\$672
Flat charge - Lift for persons with physical disabilities - stair chair or stair platform	\$430	\$443	\$452
Flat charge - Lift for persons with physical disabilities - vertical platform lift	\$570	\$587	\$599
Hourly inspection labour rate and all other initial inspections	\$130/hr.	\$134/hr.	\$137/hr.
Minimum charge - all other initial inspections (includes all travel and 1/2hr inspection time) ²	\$130	\$134	\$137
Hourly rate after 1/2 hour	\$130/hr.	\$134/hr.	\$137/hr.

Licensing, Registration and Certification notes:						
1 Licensing, registration, certification and examination fees are non-refundable. Registration fees are billed annually. Examination fees are payable for all examinations and re-writes taken by the candidate, regardless of whether the outcome is a pass or a failure. An exam re-write counts as a separate examination and will be billed accordingly.						
2 Device classes are as follows: (a) elevators, (b) dumbwaiters, (c) escalators, (d) moving walks, (e) shopping cart conveyors, (f) freight platform lifts/ material lifts, (g) lifts for persons with physical disabilities, (h) manlifts, (i) construction hoists, (j) inclined lifts, (k) stage lifts, (l) parking garage lifts, and (m) special devices.						
3 Contractors must register their scope as installation, maintenance or both by device class.						
4 Certificate holders certified as elevating device mechanics and ski lift mechanics are subject to one renewal fee for both endorsements. Certificate renewals are valid for two years and non-refundable.						
5 Invigilation fees will be billed on a per invigilator per exam basis. As a result, multiple invigilation fees may be applied for one sitting if two or more examinations are administered simultaneously or two or more invigilators are required to properly administer the examination (i.e. a large number of students and/or multiple rooms are involved). Should a customer request on-site invigilation, the TSSA will determine how many invigilators are required based on the specifics of the customer request. On-site invigilation fees are charged specifically for the service of on-site invigilation, and do not replace or subsidize the regular examination fees that are charged on a per-student basis.
