

Shaded areas reflect no change in fees

	Ski Fee Schedule	Prior	Effective from August 1, 2019 to April 30, 2020	Effective from May 1, 2020 to April 30, 2021
<b>ENGINEERING SERVICES</b>				
Hourly Engineering Labour rate (all engineering services) <sup>1</sup>		\$159/hr.	\$164/hr.	\$167/hr.
Customer Priority service - rush - 10 working day engineering registration or response <sup>2</sup>		2 x Standard Fee	2 x Standard Fee	2 x Standard Fee
<b>Engineering fee notes:</b> 1 Engineering services are billed at the stated hourly rate in ¼ hour increments. Preliminary reviews and variance reviews are subject to a two hour minimum charge. 2 Customer priority service is a customer initiated escalation of a design review package, that advances the package to the front of the existing elevating and amusement devices work queue. Advancement in the work queue carries a 2x charge relative to the hourly engineering labour rate. Priority service aims to return a registration within the specified number of working days, however if additional information is required the priority service request will result in a TSSA engineering request for information letter. Customer priority service is accommodated only if processing queues allow. Associated fees are non-refundable if registration is not completed due to an incomplete package.				
<b>INSPECTION SERVICES</b>				
Hourly inspection labour rate (all inspection services and excess hour charges) <sup>1</sup>		\$143/hr.	\$147/hr.	\$150/hr.
Flat travel charge <sup>2</sup>		\$71.50	\$74.00	\$75.00
<b>Inspection fee notes:</b> 1 There is a minimum ½ hour inspection charge at the applicable hourly rate per inspector per site. Time will be billed in ¼ hour increments thereafter. 2 One flat travel charge will be billed per site visit per day.				
<b>LICENSING FEES</b>				
Device license (annual)		\$265	\$273	\$278
Replacement of a device license		\$60	\$62	\$63
Transfer of a device license		no charge	no charge	no charge
Temporary license		\$100	\$103	\$105
<b>REGISTRATION FEES</b>				
Passenger ropeway contractor (annual) - installation <sup>1</sup>		\$100	\$103	\$105
Passenger ropeway contractor (annual) - maintenance <sup>1</sup>		\$100	\$103	\$105
Passenger ropeway owner contractor (annual) - maintenance only		\$100	\$103	\$105
Passenger ropeway consultant (annual)		\$200	\$206	\$210
<b>CERTIFICATION FEES</b>				
Ontario certificate of qualification as a ski lift mechanic <sup>2</sup> (biennial)		\$75	\$77	\$79
<b>Licensing, registration and certification fee notes:</b> 1 Contractors must register individually for installation, maintenance or both. 2 Certificate holders certified as elevating device mechanics and ski lift mechanics are subject to one renewal fee for both endorsements. Certificate renewals are valid for two years.				
<b>OTHER FEES</b>				
Installation number plate replacement		\$60	\$62	\$63
Examination <sup>1</sup>		\$75	\$75	\$75
Invigilation <sup>2</sup>		\$500	\$515	\$525
<b>Other fee notes:</b> 1 Examination fees are non-refundable. Examination fees are payable for all examinations and re-writes taken by the candidate, regardless of whether the outcome is a pass or a failure. An exam re-write counts as a separate examination and will be billed accordingly. 2 Invigilation fees will be billed on a per invigilator per exam basis. As a result, multiple invigilation fees may be applied for one sitting if two or more examination types are administered simultaneously or two or more invigilators are required to properly administer the examination (i.e. a large number of students and/or multiple rooms are involved). Should a customer request on-site invigilation, the TSSA will determine how many invigilators are required based on the specifics of the customer request. On-site invigilation fees are charged specifically for the service of on-site invigilation, and do not replace or subsidize the regular examination fees that are charged on a per-student basis.
