

## COMING TO TORONTO – January 14 & 15, 2020

### Boilers and Pressure Vessels Safety Program Seminar

The Boilers and Pressure Vessels Safety Program invites you to attend two one-day seminars on:

<b>Tuesday, January 14, 2020 –</b>	<b>Establishing &amp; Maintaining an Effective Quality Program (TSSA)</b>	<b>SEMINAR # 2511296</b>
<b>Wednesday, January 15, 2020 –</b>	<b>ASME Section IX Welding Qualifications</b>	<b>SEMINAR # 2511778</b>

**Location:** **Technical Standards & Safety Authority**  
345 Carlingview Drive  
Toronto, Ontario  
M9W 6N9

**Time:** 8:30 a.m. to 4:30 p.m. daily  
**Superior Room**

**FEE:** \$350.00 (plus applicable taxes) per person, per day

A continental breakfast, refreshments and lunch will be provided each day for participants.

Boiler and Pressure Vessel codes and standards are continually being updated. Current knowledge of these Codes and Standards and an understanding of how they apply to you is essential to safe and efficient operation.

A certificate of attendance will be issued at the completion of the course.

#### Seminar Outlines:

**Establishing & Maintaining an Effective Quality System (TSSA)** - In this seminar you will learn how to define, document and control an effective quality control system that will meet the TSSA and Code requirements. This seminar is intended to provide companies that are seeking, or currently working to a Certificate of Authorization for Piping Installation and Fabrication, Repair or Alteration and Owner User Programs an understanding of how to document (write) the Quality Manual as well as how to control it to maintain the Quality Systems effectiveness.

**Who Should Attend?** All levels of an organization that are responsible to manage, implement or work to a quality system.

**ASME Section IX Welding Qualifications** - This seminar will provide an overview of the welding codes, regulatory requirements and detailed technical training. The training will cover interpretation and application of the codes and standards.

**Who Should Attend?** The Welding Seminar should be attended by organization or individuals involved with welding, installations or repair of boilers, pressure vessels or pressure piping systems.

**Space is limited (20 people per day)**

To reserve your space, please fax the **Seminar Registration Form** to Margaret Wilczewski at (416) 231-6183 or email: [mwilczewski@tssa.org](mailto:mwilczewski@tssa.org). \*PLEASE write the applicable seminar number on your registration form.

If you would like more information on these up-coming seminars, please feel free to contact:
