

COMING TO TORONTO – March 10 & 11, 2020

Boilers and Pressure Vessels Safety Program

The Boilers and Pressure Vessels Safety Program Training Seminars:

Tuesday, March 10, 2020	–	ASME B31.1 Power Piping	SEMINAR # 2511780
Wednesday, March 11, 2020	–	ASME B31.3 Process Piping	SEMINAR # 2511786

Location: Technical Standards & Safety Authority
345 Carlingview Drive
Toronto, Ontario
M9W 6N9

Time: 8:30 a.m. to 4:30 p.m. daily
Superior Room

Cost: \$350.00 (plus applicable taxes) per person, per day

A continental breakfast, refreshments and lunch will be provided each day for participants.

Boiler and Pressure Vessel codes and standards are continually being updated. Current knowledge of these Codes and Standards and an understanding of how they apply to you is essential to safe and efficient operation.

A Certificate of Attendance will be issued at the completion of the course.

During each of these seminars, you will see the vast differences in the requirements of both codes. The course handout books have been simplified to help the participants better understand the codes.

Who Should Attend?

These seminars will be of interest to anyone who deals with pressure piping on a regular basis, including, Plant Managers, Project Engineers, Technologists, Operating Engineers, Piping Contractors, Pipe-fitting Supervisors, and Pipe-fitters & Welders, etc.

Seminar Outlines:

Material Selection / Code Marking Requirements for Piping / Code Stamping Requirements for Fittings / Material Limitations and Thickness Requirements / Joint Style Limitations / Welding / Preheating / Post Weld Heat Treatment / Nondestructive Examination / Hydrostatic and Pneumatic Testing

Note: Design and Design calculations WILL NOT be addressed during these seminars.

Space is limited (20 people per day)

To reserve your space: please email the [Seminar Registration Form](#) to Margaret Wilczewski: mwilczewski@tssa.org.

PLEASE write the applicable seminar number on your registration form
