ORIGINAL SIGNED

John Marshall
Director, Ontario Regulation 217/01 (Liquid Fuels)
made under the *Technical Standards and Safety Act, 2000*

Background:

Clause 5.2.11 provides that:

Self-serve facilities shall have signs posted directing all high outline vehicles that could interrupt the line of vision of the self-serve attendant to refuel only on the outside of the islands.

The above requirement is redundant, as clause 5.2.4 requires that all facilities "shall be equipped with a video monitoring system that allows the self-serve attendant a constant view of all dispensing positions." As a result, clause 5.2.11 is deleted.
