**Notes:**

- 1 Hourly labour rates will be billed in ¼ hour increments. One flat travel charge will be added for each inspection not subject to a minimum fee. A flat travel charge plus actual inspection hours at the applicable hourly labour rate will be billed for all inspections not subject to a minimum fee. Overtime rates will apply for services delivered outside normal business hours at the request of the customer.
- 2 The minimum fee covers all travel time and the first 2.75 hours of inspection time. Actual hours in excess of minimum amounts will be billed in ¼ hour increments at the applicable hourly labour rate.
- 3 The minimum fee covers all travel time and the first 1.50 hours of inspection time. Actual hours in excess of minimum amounts will be billed in ¼ hour increments at the applicable hourly labour rate.
- 4 The minimum fee covers first 8.5 hours of review and travel time. Actual hours in excess of minimum amounts will be billed in ¼ hour increments at the applicable hourly labour rate.
- 5 The minimum fee covers first 4 hours of review and travel time. Actual hours in excess of minimum amounts will be billed in ¼ hour increments at the applicable hourly labour rate.
- 6 The minimum fee covers first 30 hours of review and travel time. Actual hours in excess of minimum amounts will be billed in ¼ hour increments at the applicable hourly labour rate.
- 7 The minimum fee covers first 15 hours of review and travel time. Actual hours in excess of minimum amounts will be billed in ¼ hour increments at the applicable hourly labour rate.
- 8 Fees are flat rates per item, except certificate renewals which are annual. Licensing, registration, certification and examination fees are non-refundable. Examination fees are payable for all examinations and re-writes taken by the candidate, regardless of whether the outcome is a pass or a failure. An exam re-write counts as a separate examination and will be billed accordingly.
- 9 Invigilation fees will be billed on a per invigilator per exam basis. As a result, multiple invigilation fees may be applied for one sitting if two or more examinations are administered simultaneously or two or more invigilators are required to properly administer the examination (i.e. a large number of students and/or multiple rooms are involved). Should a customer request on-site invigilation, the TSSA will determine how many invigilators are required based on the specifics of the customer request. On-site invigilation fees are charged specifically for the service of on-site invigilation, and do not replace or subsidize the regular examination fees that are charged on a per-student basis.
