Boilers & Pressure Vessels (BPVs) Requiring Periodic Inspections

Responsibilities of Owners, Insurance Companies & Third-Party Inspectors

BPV owners are responsible for having their BPVs inspected by insurance companies & third-party insurers

BPVs With TSSA's UID

BPVs Without UID: Insurer completes UID Request form and email it to BPVidrequest@tssa.org

TSSA
If a UID number is found, TSSA will send the UID number to the submitter or insurer.

TSSA
If a UID number is not found, TSSA will schedule a first inspection, create a UID number & reflect UID in Client.

Insurer
Conducts a periodic inspection

If High-Risk Violations Are Found and

1. Resolved at the time of ROI Submission:
- **Insurer** reports high-risk violations on Client Portal
- No shutdown request
- Skip to **Box 5**

1. Unresolved at the time of ROI Submission:
- **Insurer** issues inspection report specifying high-risk violations
- Asks owner to shut down BPV
- Reports high-risk violations on Client Portal

2. TSSA
- Informs owner via email high-risk violations were found
- Issues owner a shutdown order, no COI issued. The reporting insurer will also receive the shutdown order.

3. BPV Owner
- **Shuts down BPV equipment**
- Resolves all high-risk violations. If needed, contact a qualified contractor to resolve all high-risk violations
- Informs insurer when all high-risk violations are resolved

4. Insurer
After owner has resolved all high-risk violations, insurer submits ROI & indicates high-risk violations resolved on Client Portal.

5. BPV Owner
Approves ROI, pays the fee, downloads the COI

If Other Reportable Violations in Director's Order BPV-25-02 & Code Violations Are Found

1. Insurer
- Issues an inspection report specifying the violations & compliance timeframe to BPV owner
- Submits the ROI on Client Portal & indicate other reportable violations

2. BPV Owner
- Approves ROI, pays the fee, downloads COI
- Must resolve violations within the insurer's specified timeframe and recommendations

If No Violations Are Found

1. Insurer
Submits the ROI on Client Portal

2. BPV Owner
Approves ROI, pays the fee, downloads COI

If BPV owner changes insurance company: BPV owner must update the insurer information on Client Portal. Once updated, the new insurer will have visibility to that inventory and its violations.

Decommissioned BPVs with Violations: Owner needs to submit the *Permanent Removal of BPV from Operation or Use* form.

Legend:
BPV: Boilers & Pressure Vessel
COI: Certificate of Inspection
ROI: Record of Inspection
UID: Unique Identification Number (Issued by TSSA to a BPV)
